

GOW TIMERS GUIDE

The timer indicates when each speaker should begin and end, and when points of information are permitted. The Timer will indicate to the chairman if the time is exceeded. The timer will use a bell to indicate the following:

- A single bell (S) – to indicate that a speaker may begin
- A double bell (D)– to indicate the end of the allotted speaking time. Moreover, at time limit the timer should start to clap, the audience will follow to interrupt the speaker.
